【Summary】

In April, all store sales were 105.3% and the same store sales were 104.1% of the previous year.

Sales of spring and summer products were strong because of rising temperatures from the middle of a month. The good weather during the first half of Golden Week also contributed to increased sales.

Compared to last year, there were one less holiday, and we estimate this has a 2.1 point negative impact on same store sales.

By brands, GLOBAL WORK, niko and ..., LOWRYS FARM and LEPSIM showed good performance.

By items, trousers of our core products, light outerwear and lightweight bottoms are performing well.

Other than apparel, products that meet demand for outdoors are popular, such as caps and backpacks in fashion accessories, and bottleholders in household goods.
